Other than that tank, you can use the others as you please.

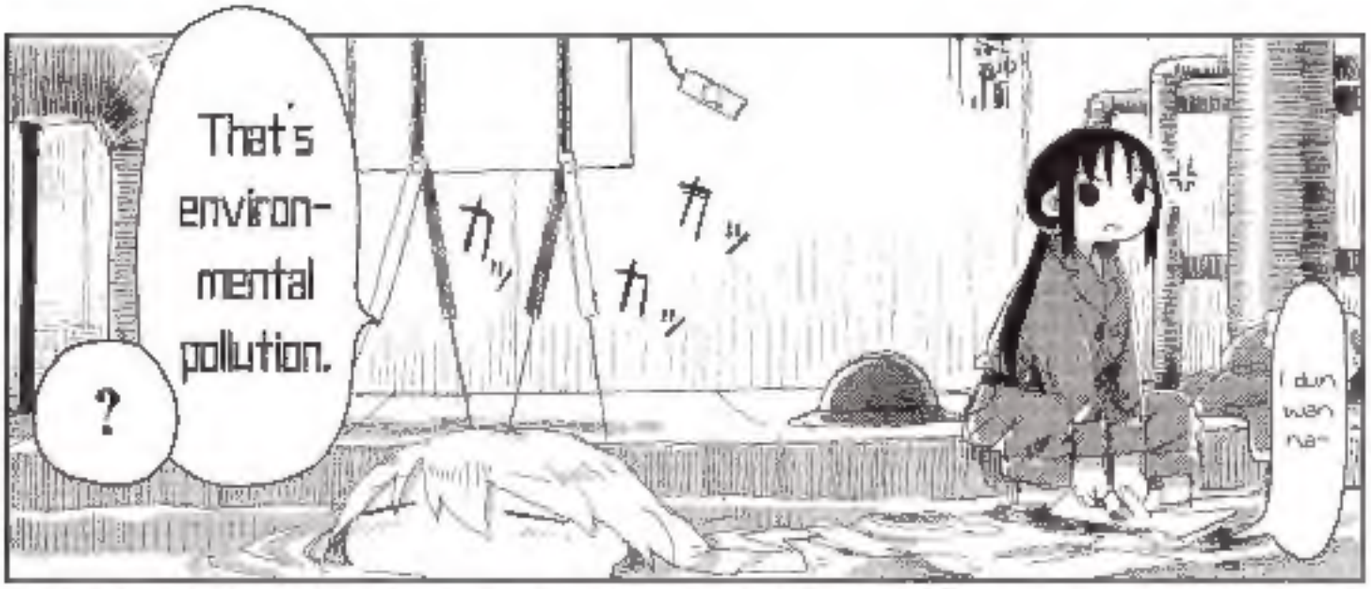
I WONDER IF THE FISH WE SAW BEFORE ACTUALLY CAME FROM HERE.
That time we were doing our laundry
AHH, THAT DELICIOUS ONE.
AH.
HUH?
THE WATER WILL GET DIRTY.
HOLD IT, DON'T DO YOUR LAUNDRY HERE.
HOW ABOUT YOU HELP!?
Beh!
I'M SWIMMING, SO BE CONSIDERATE.



That's environmental pollution.
?

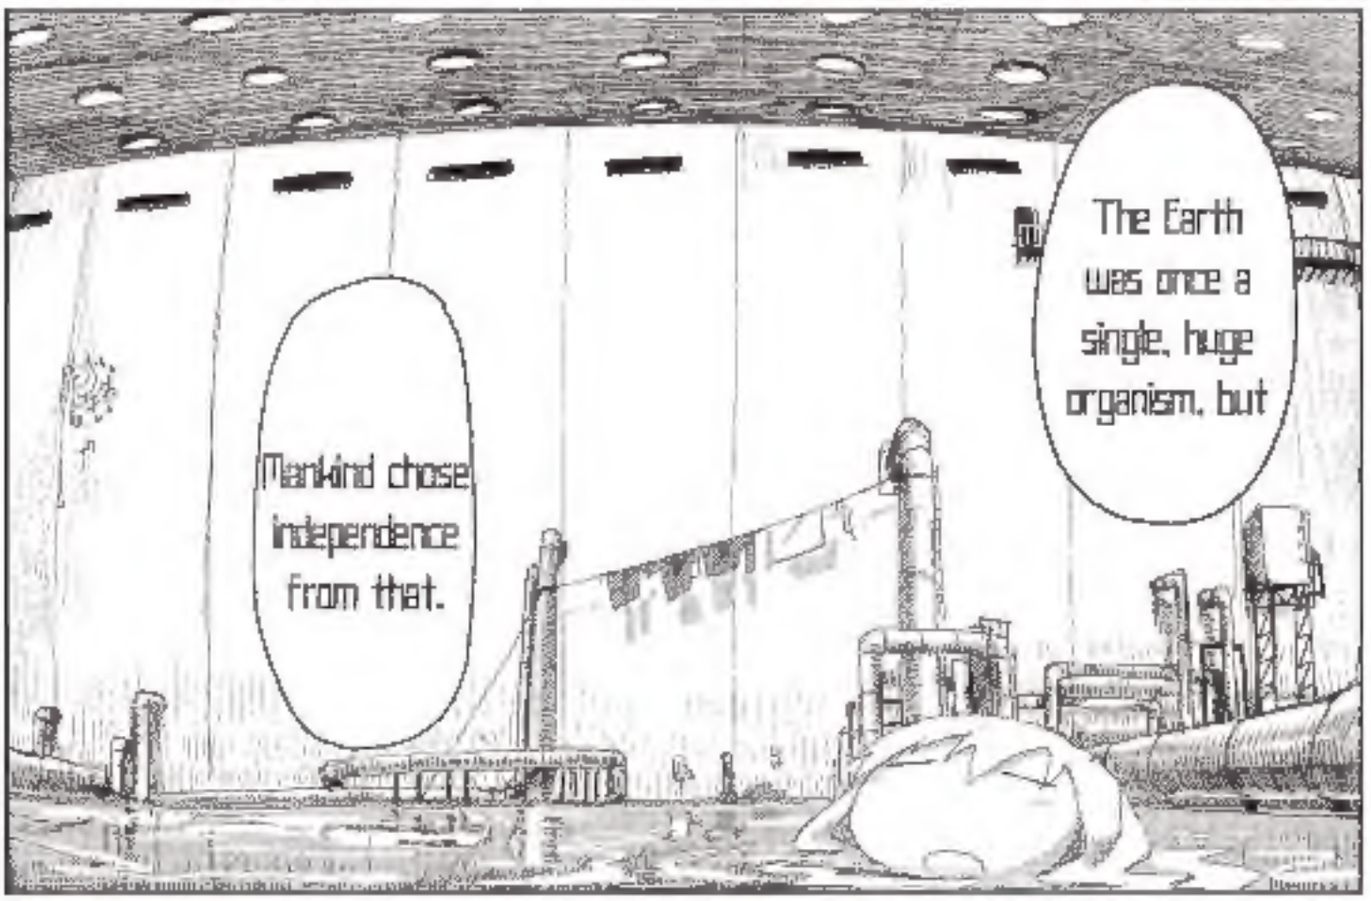
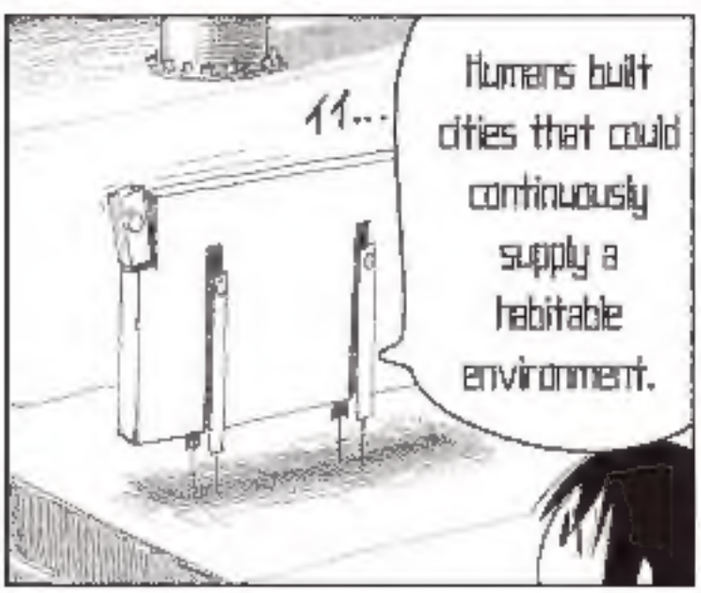
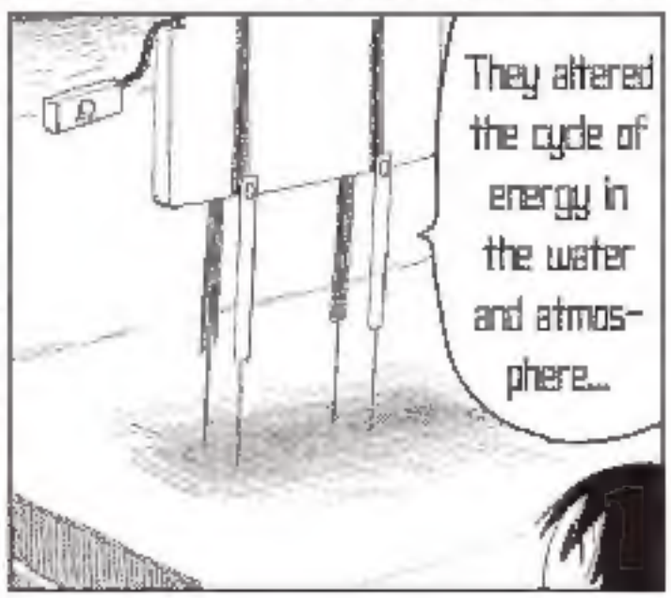
I dun wan na-



The Earth was once a single, huge organism, but
Mankind chose independence from that.



11...
Humans built cities that could continuously supply a habitable environment.



They altered the cycle of energy in the water and atmosphere...

Maintaining the foundational shell infrastructure of those cities as much as possible
is our job.
EVEN THOUGH THERE ARE NO MORE HUMANS THERE?
That has nothing to do with us. We simply maintain.
HMM ...
It's pretty warm
バシャ
バシャ
HEY, CHII, YOU SHOULD GET IN, TOO!
She's quite adaptable, isn't she?
I GUESS I'LL GET IN TOO...
WHY CAN SHE SWIM SO FREELY?

ALL RIGHT...
WHY THE UNDER-WEAR?
IT'D BE FINE TO TAKE IT OFF.
NO, THERE'S SOME-ONE HERE...
dips
IT'S A MACHINE, ISN'T IT?
YEAH, BUT...

ooh ...
HOLD ON...HOW SHOULD I DO THIS?
ジャバ

YOU'LL FLOAT IF YOU WAVE YOUR FEET.
MY FEET... DON'T TOUCH THE BOTTOM...
バシャ
バシャ
HEY, DON'T LET GO OF MY HAND!
YOU CAN DO IT.
バシャ
バシャ
EH!?
If you take a big breath and exert yourself, you'll float.

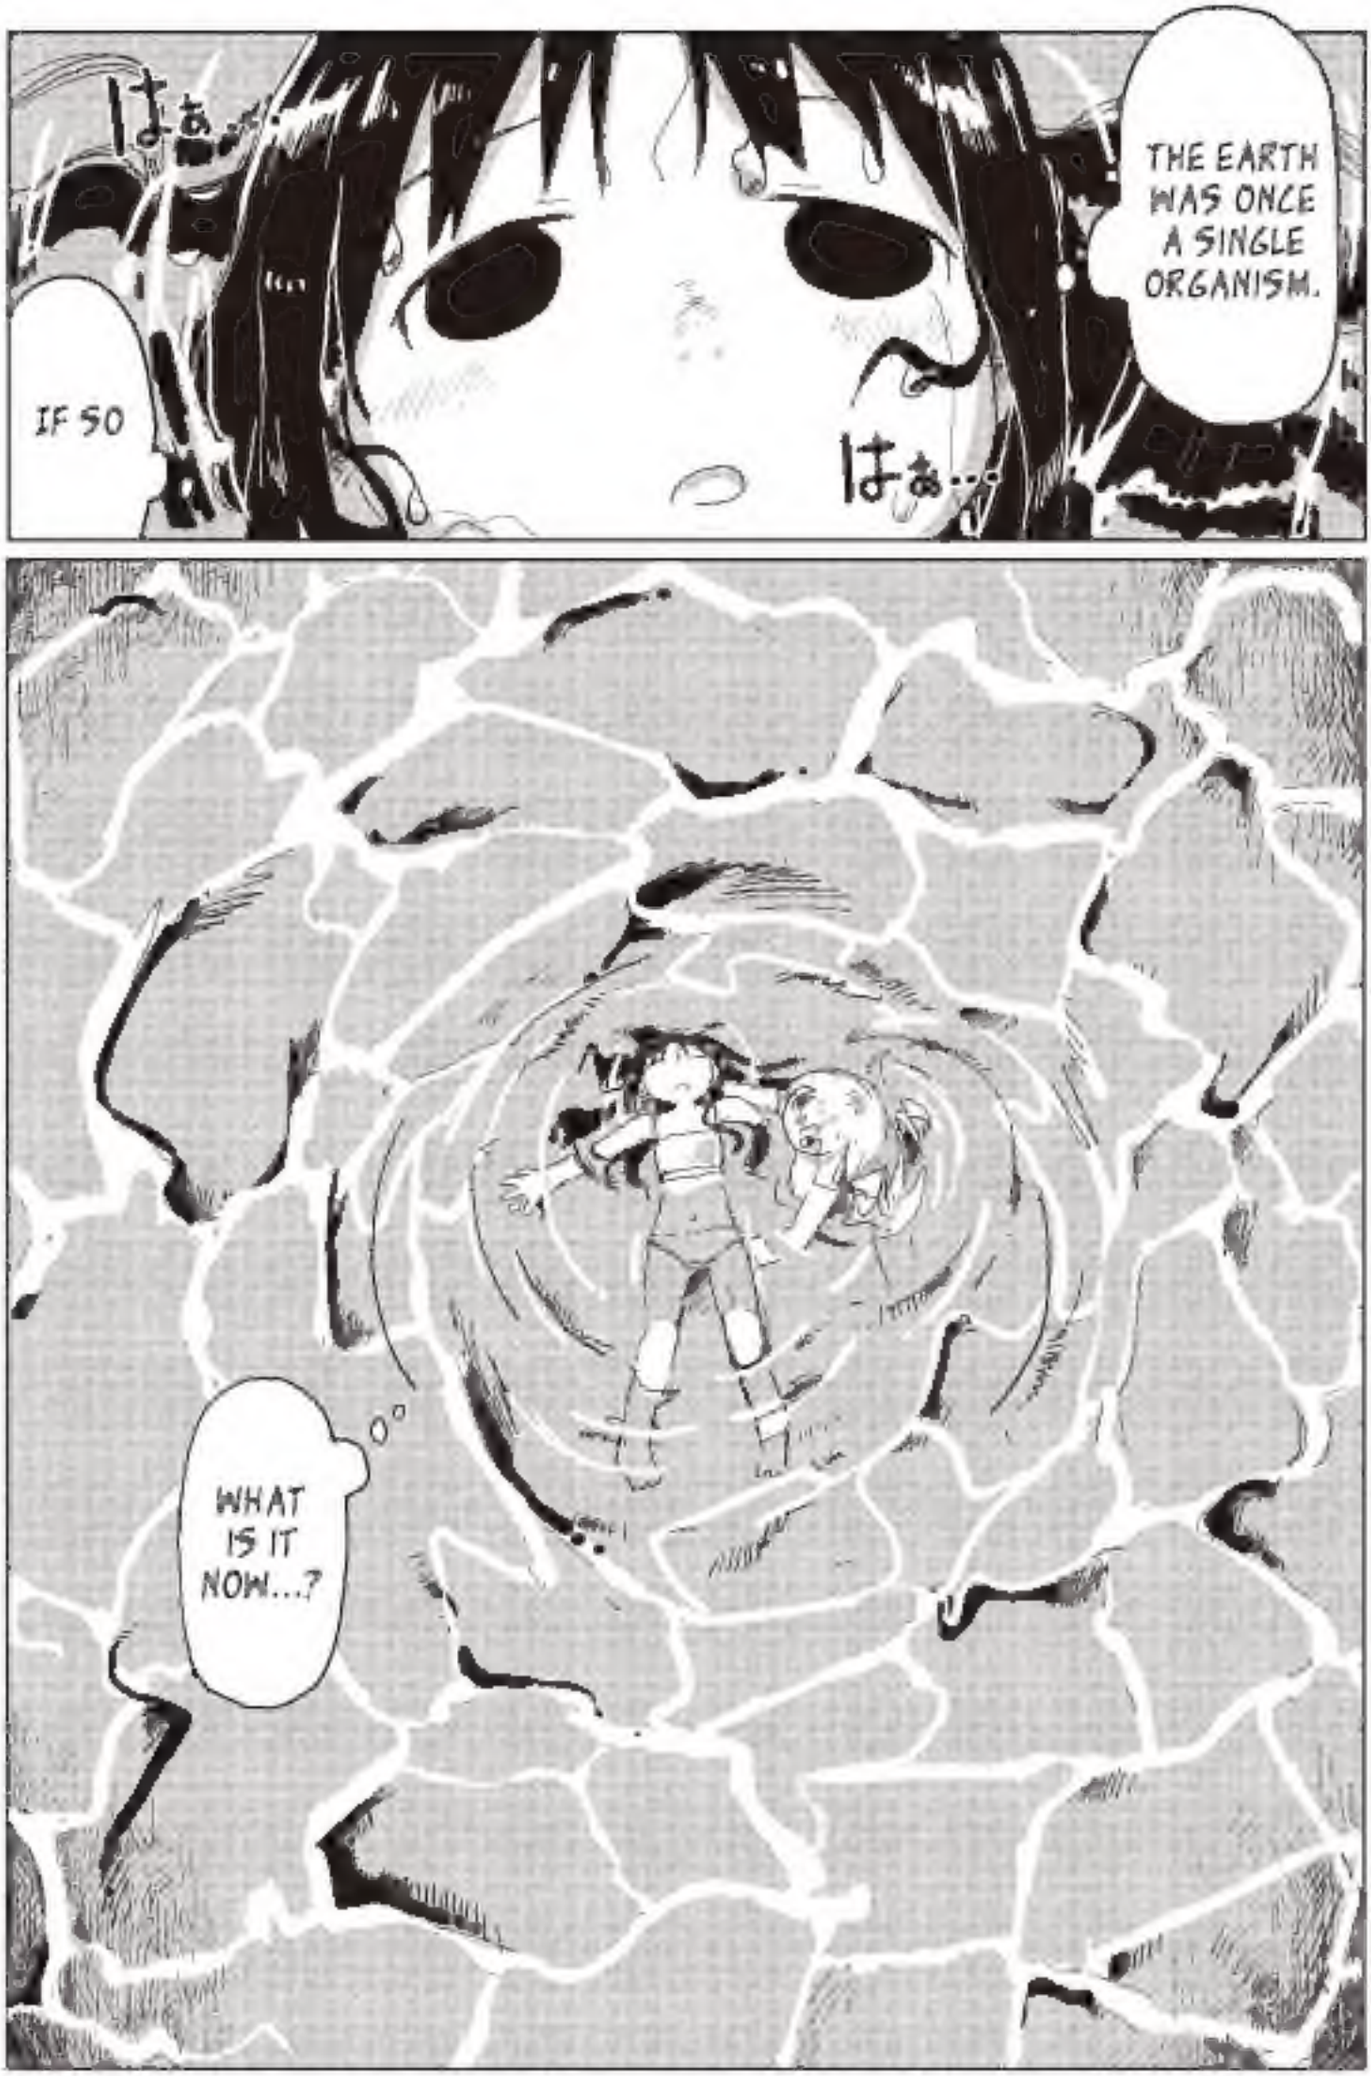
IT'S DEEP...

WAI--!

Oh?

AAH...

THE OCEAN...
NOW THAT I THINK OF IT, I'VE SEEN SOME-THING LIKE THIS IN A DREAM...
AND FISH...
ARE YOU OKAY?
PWAH!



はぁ…
THE EARTH WAS ONCE A SINGLE ORGANISM.
IF SO
はぁ…
WHAT IS IT NOW…?

NYU!

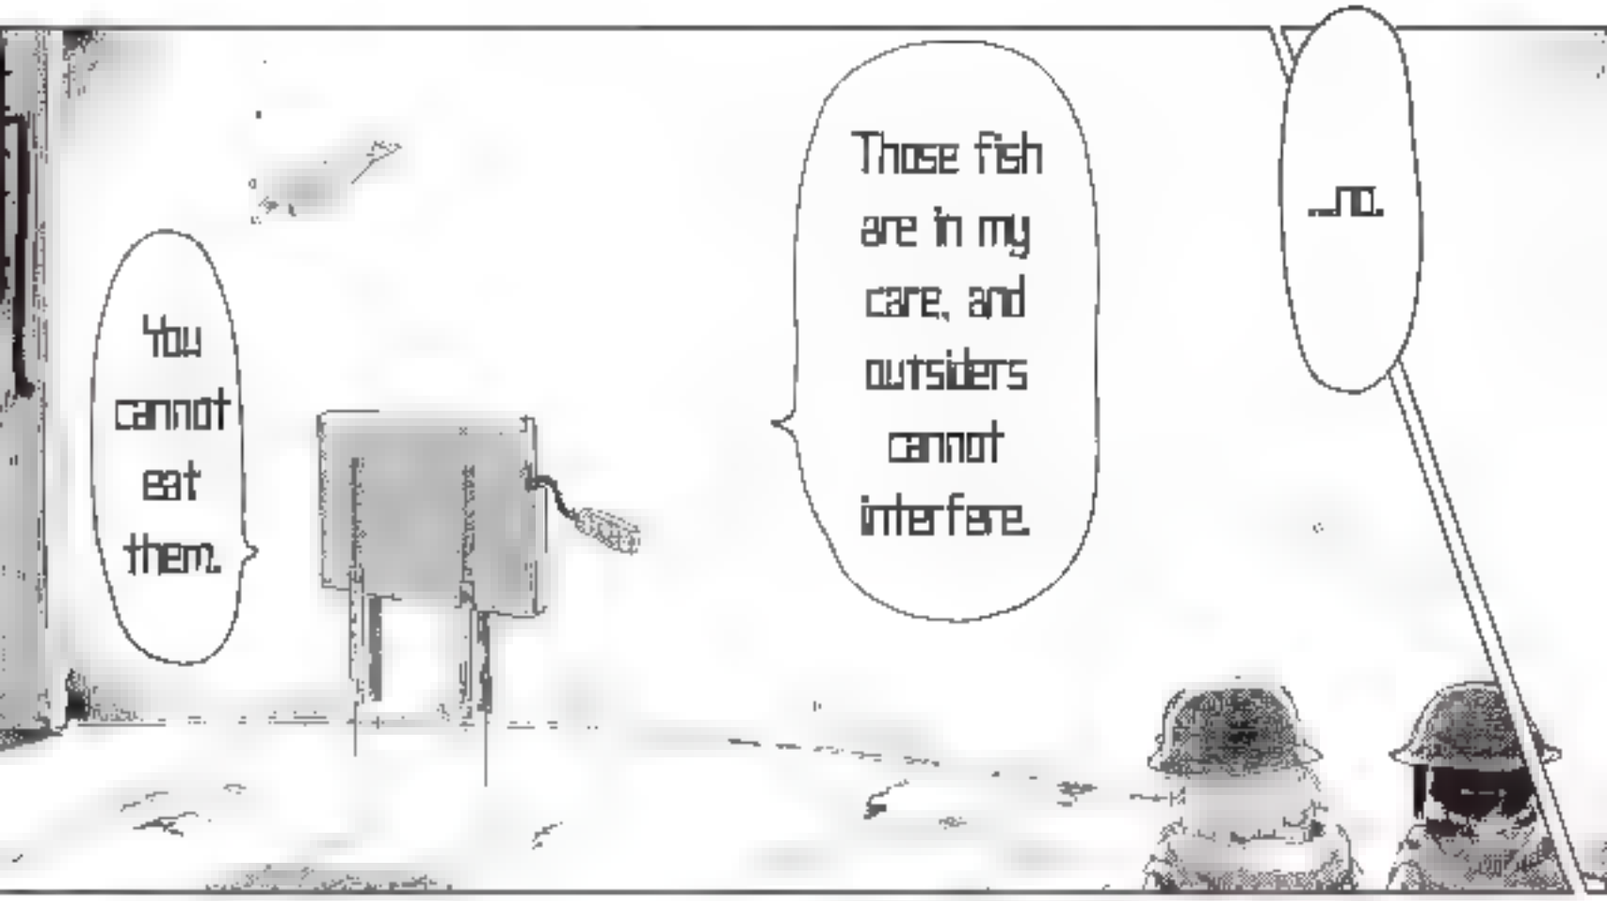
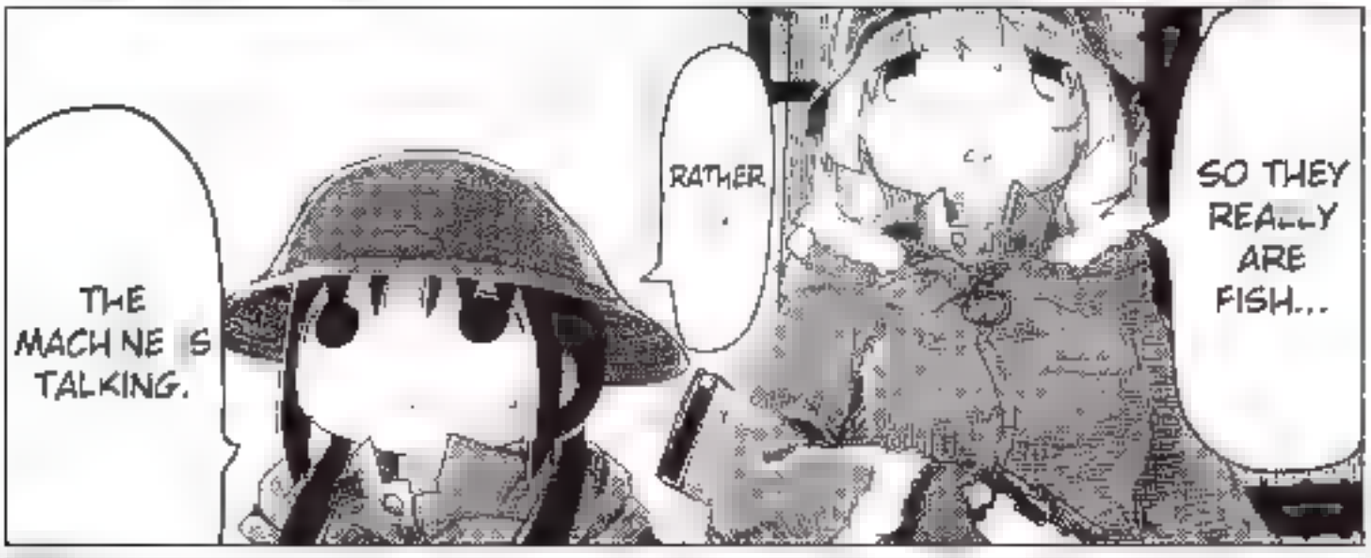
PWAH!
EGH! CAN'T BREATHE ...! *COUGH COUGH*

I CAN FLOAT!
OOH!
ARE YOU OKAY?
バシャ
バシャ
HEY, I'M TIRED, SO LET'S EAT SOME FISH.
I'M TIRED.
はぁ...
EEEH? IT SHOULD BE FINE
コッ
I SAID THAT WE CAN'T, D DN'T I?
OW!



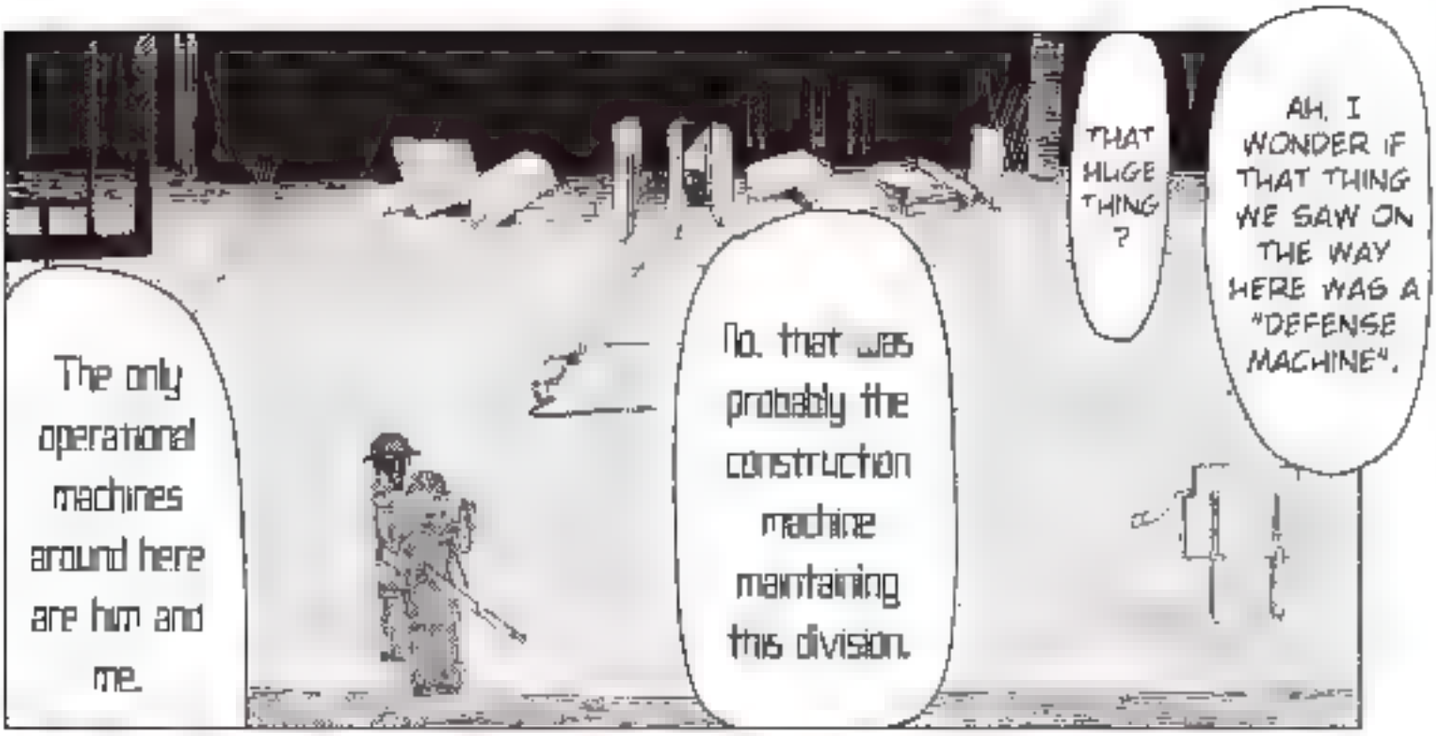
...no.
Those fish are in my care, and outsiders cannot interfere.
You cannot eat them.



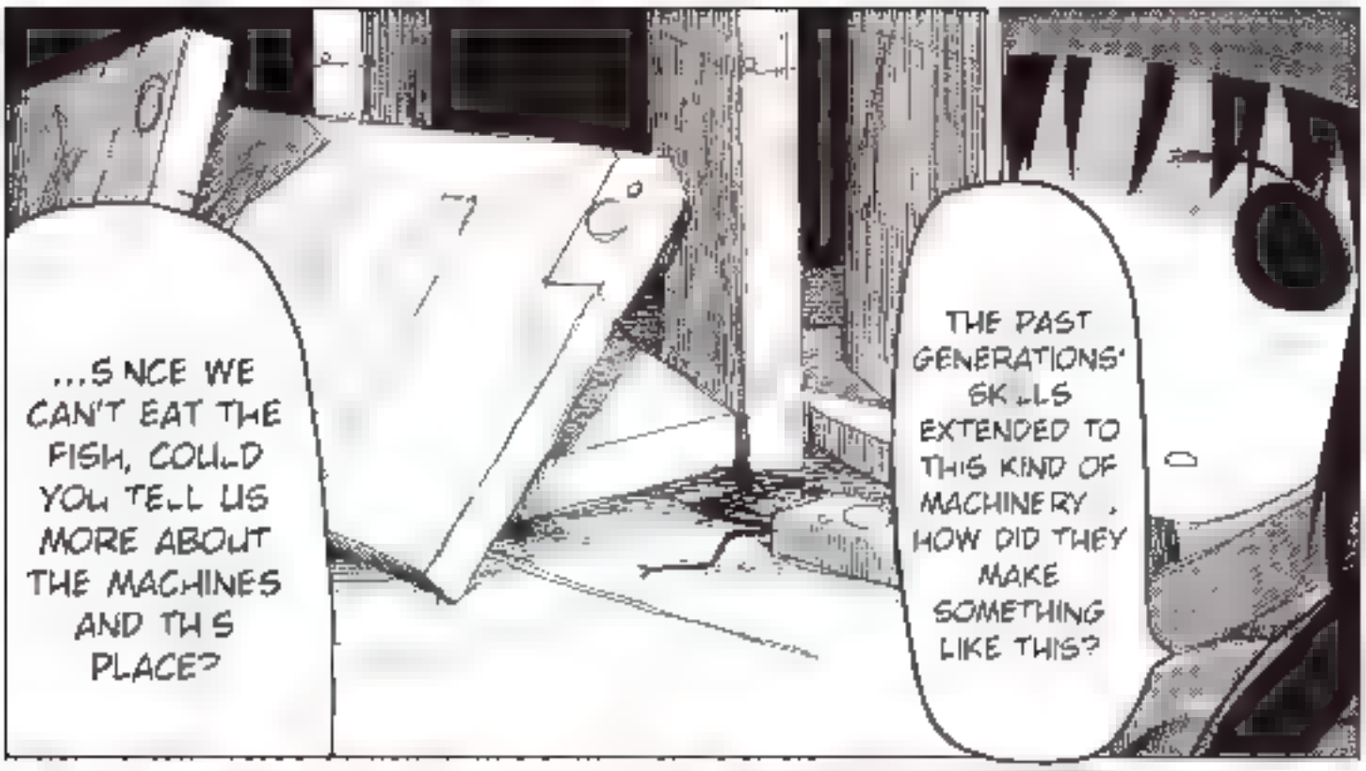
SO THEY REALLY ARE FISH...
RATHER.
THE MACHINE IS TALKING.

JUST WHAT ARE YOU...?

I am an autonomous machine in charge of this division.
Rest assured. I will not harm you.
ALL RIGHT! THEN LET'S TAKE THE FISH BY FORCE!
YOU...
Please stop.
Actually, I can call defense machines in response to assailants, but...
BUT?
Currently, the signal is cut off.
SO YOU CAN'T.



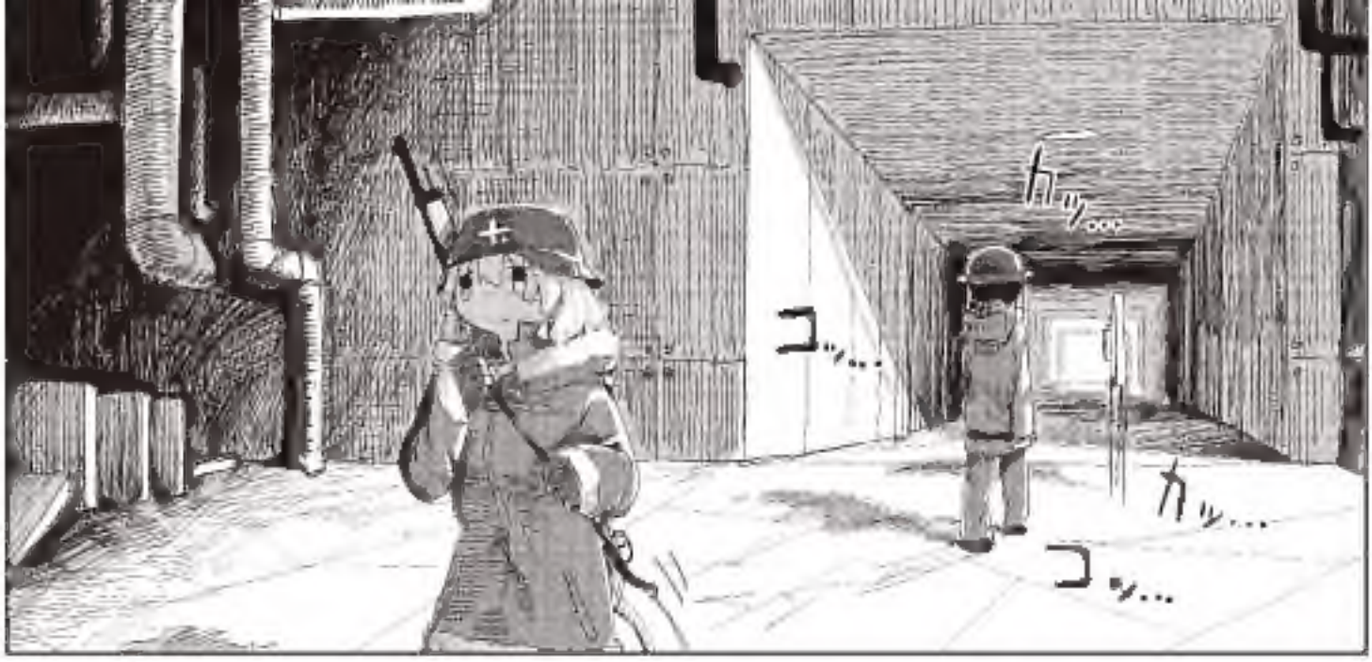
AH, I WONDER IF THAT THING WE SAW ON THE WAY HERE WAS A "DEFENSE MACHINE".
THAT HUGE THING ?
No. that was probably the construction machine maintaining this division.
The only operational machines around here are hun and me.



...S NCE WE CAN'T EAT THE FISH, COULD YOU TELL US MORE ABOUT THE MACHINES AND TH S PLACE?
THE PAST GENERATIONS' SK LLS EXTENDED TO THIS KIND OF MACHINERY . HOW DID THEY MAKE SOMETHING LIKE THIS?

Please come along.

That is fine. I will guide you.



ﾊｯ...
ｺｯ...
ｶｯ...
ｺｯ...

HEY, TALKING IS FINE, BUT I'D LIKE TO EAT THAT.
SHUT UP.
ｺｯ...

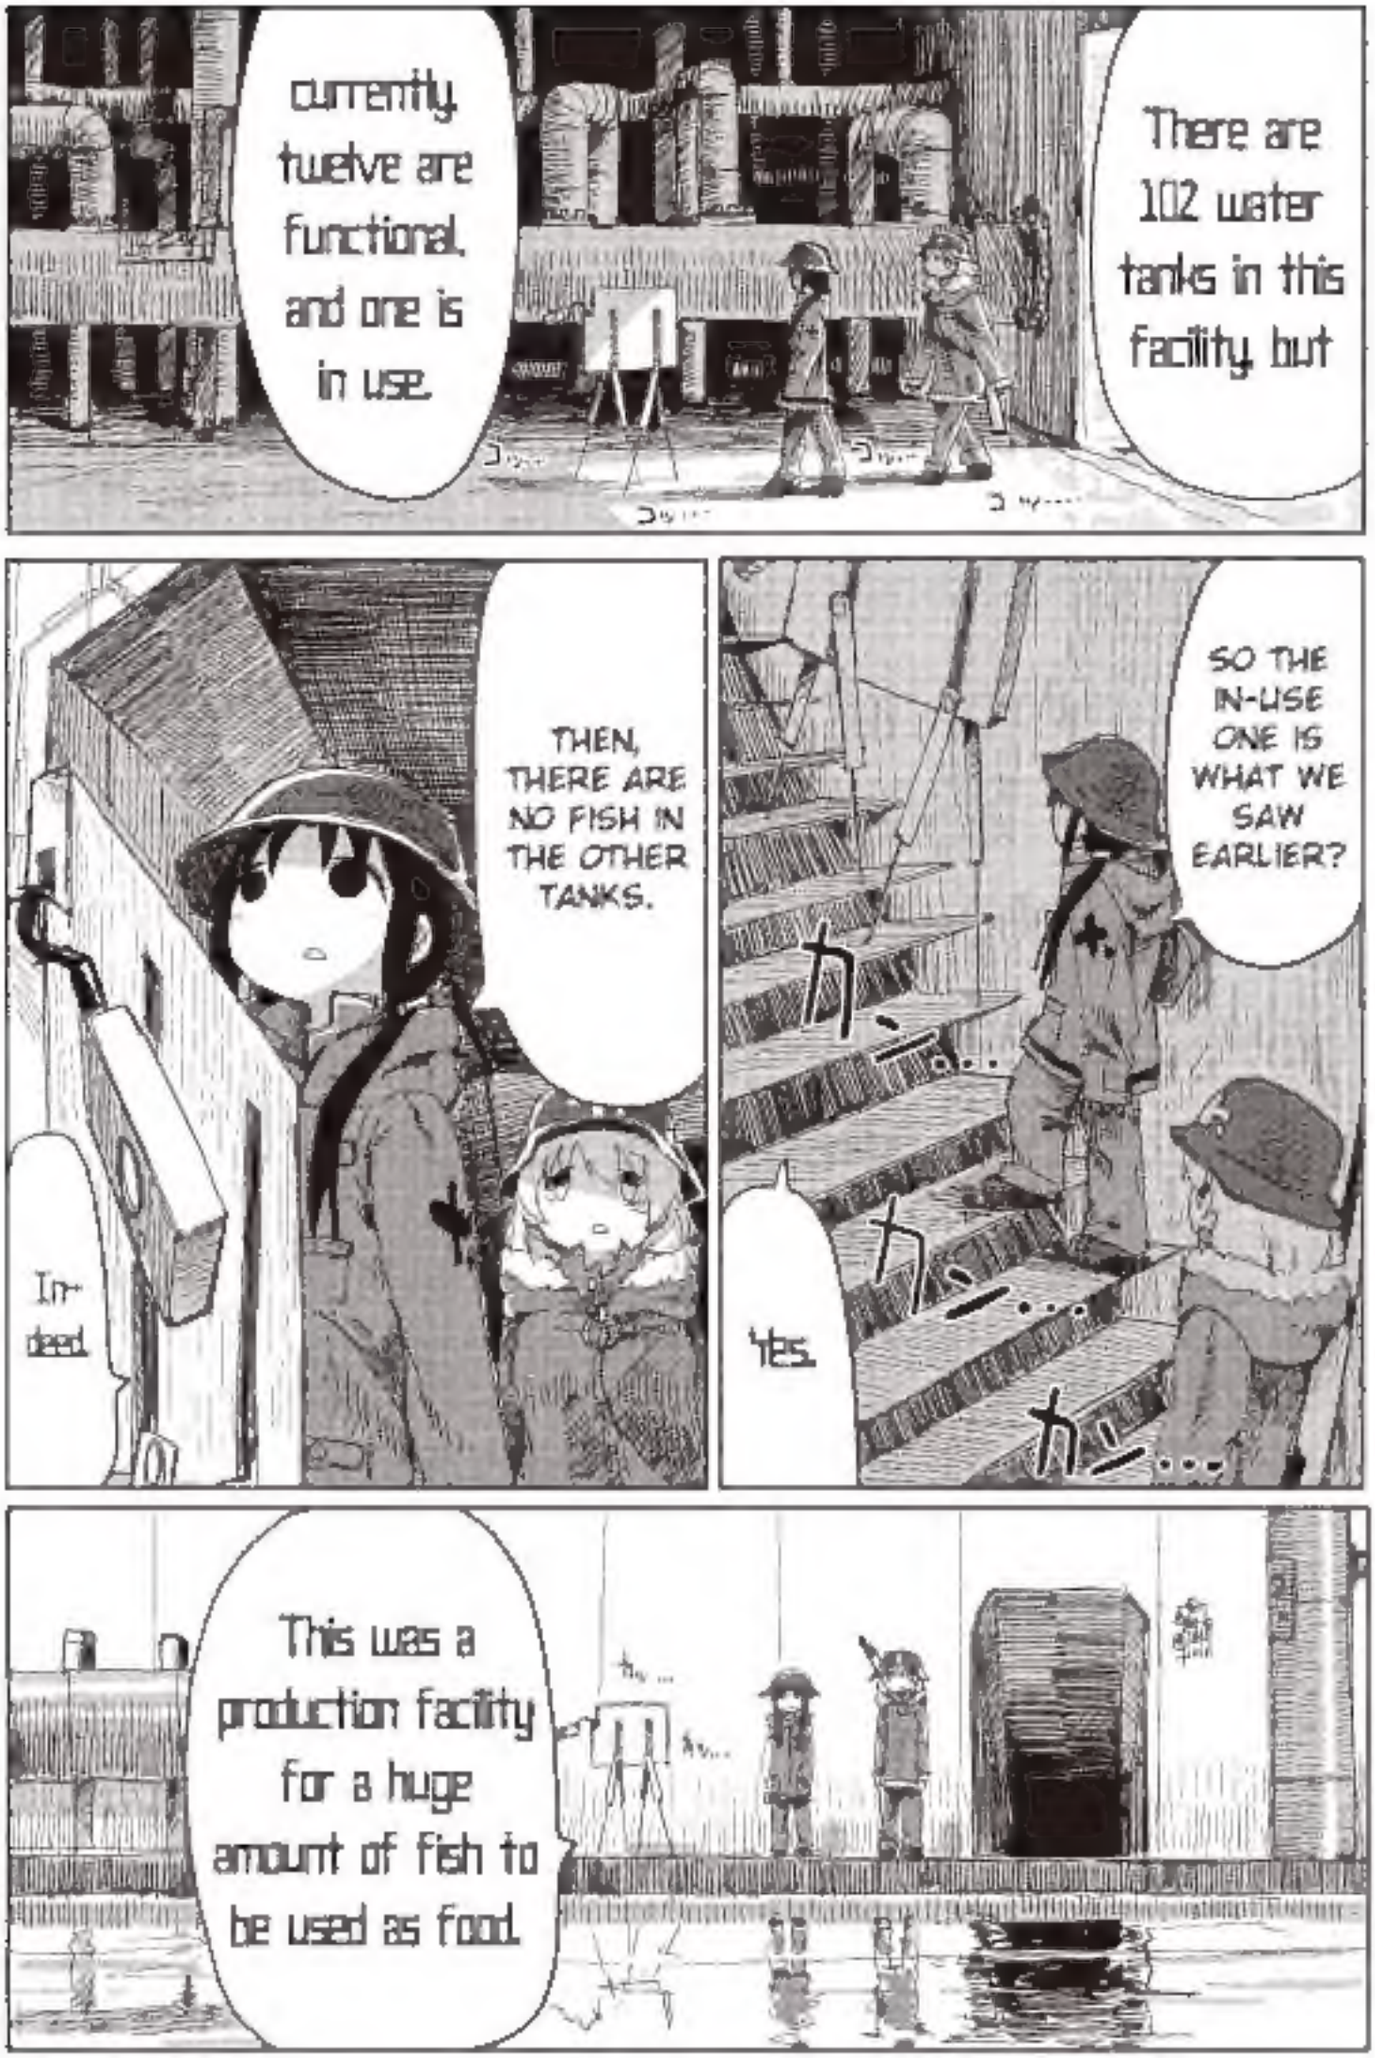
AWWW-

This is directly beneath the largest water tank.
IT'S ALMOST AS IF WE'RE IN THE WATER...
OOH...
EH-
Would you like to go in?
MAN, I'D LIKE TO SWIM IN THIS MUCH WATER.
If it's an unused tank, it's fine.
YOU CAN DO THAT?



There are 102 water tanks in this facility, but
currently, twelve are functional, and one is in use.
SO THE IN-USE ONE IS WHAT WE SAW EARLIER?
Yes.
THEN, THERE ARE NO FISH IN THE OTHER TANKS.
Indeed.
This was a production facility for a huge amount of fish to be used as food.
